Projects 📁

Front End Web Developer - BarberApp

abr. 22 - may. 22

Henry Bootcamp, Buenos Aires, Argentina.

Group project, making a web page for booking shifts for a barbershop + online store set up on the same establishment. In this I participated in the design by CSS and Bootstrap, I was in charge of the flow in GitHub, the login through JWT and the private and public routes among many other tasks.

Deployment: barber-app-henry.herokuapp.com/

Repository: <https://github.com/leandrofiadone/BarberApp-Front-Final>
